

ADI ANALYTICS LLC

Position Details

Title: Intern
Location: Houston, Texas
Function: Consulting
Industries: Energy and Utilities
Duration: 8-12 weeks

About ADI Analytics

ADI Analytics is a consulting and advisory firm specializing in oil and gas, coal and power, energy, and chemicals. In the past five years, we have completed over 120 projects for nearly 50 clients including BP, Shell, Chevron, ConocoPhillips, Marathon, BASF, Lubrizol, Elliott, Kior, and U.S. Department of Energy.

We help clients with market research, strategic planning, competitive benchmarking, and technology assessments among a number of other services. Our team differentiates itself through deep, field-based industry expertise; proprietary analytics; and cost-effective yet flexible delivery models.

Our work has helped a variety of clients including Fortune 500 and mid-sized companies, start-ups, venture capital and private equity investors, and government agencies around the world. We serve clients globally through our offices in Houston and New Delhi along with partners all over the world. Please visit our web site, www.adi-analytics.com, for more information.

Job Description

- Support delivery of consulting projects relating to the energy or utility industry
- Apply consulting skills, industry expertise, and broad functional expertise on projects
- Identify, plan, and execute tasks within a project to achieve client objectives
- Utilize a hypothesis- and framework-driven approach to solve problems
- Build spreadsheet-based analytical and quantitative models for evaluating project economics, financial valuation, market size, and other objectives
- Leverage models to analyze a variety of scenarios and interpret results to establish findings and recommendations
- Write reports and presentations summarizing methodology, findings, and recommendations

Qualifications

- Legal authorization to work in the U.S. without restrictions
- Prior consulting and/or energy/utilize experience is strongly preferred, or must have strong interest
- Excellent analytical and quantitative skills
- Attention to detail
- Strong work ethic
- Ability to finish projects
- Proficient written skills in English
- Excellent educational qualifications

How to Apply

Please send resume with a cover letter to work@adi-analytics.com.
